At Logic Executive Search and Workplace Solutions, we understand that business relies on exceptional leadership and have a proven track record of finding the most qualified candidate the first time - we guarantee it.

Our areas of specialty include:

- Not-For-Profit
- Finance
- Healthcare
- Manufacturing

Help **good** leaders become **great** leaders

Leadership coaching inspires peak performance and maximizes achievement. This coaching support for your leader will help them set and reach realistic goals and reach their full potential in their new leadership role.

As part of our Executive Recruitment process, Logic Executive Search and Workplace Solutions offers premium level Executive Coaching services through Certified Professional Coaching Partner Ronna Warsh Hope. Ronna has a proven track record of helping leaders articulate their vision, increase their emotional intelligence and communication skills. She has coached many new leaders who developed the confidence to be their organization's perfect "change leader." She is also certified to administer a number of assessment tools which evaluate leadership styles and the organizational culture in your organization.
